ASA/UKCC Level 1 Certificate for Coaching Swimming

This qualification is aimed at those interested in supporting the coaching programme in a competitive environment

1 Title
ASA Level 1 Certificate for Coaching Swimming

2 National Qualifications Framework (NQF) and United Kingdom Coaching Certificate (UKCC)
This qualification is recognised as a UKCC Level 1 and is on the NQF at Level 1. In order to achieve the qualification candidates must achieve Units 1 & 2.

3 Pre-requisite
Candidates must be at least 16 years of age at the commencement of the learning programme.

4 Introduction
The Level 1 (Support Coach) for Swimming is an all inclusive qualification and sits as the first formally assessed qualification on the coaching qualifications pathway. Unit 1 is a common unit to all of the aquatic strands (Aquatic Teaching, Diving, Swimming Coaching, Synchronised Swimming and Water Polo) and has a focus on “how to teach/coach” skills with a technical emphasis on movement literacy as defined by Long Term Athlete Development (LTAD). It is envisaged that this unit can be delivered to all teachers/coaches who wish to work in the aquatic environment. Unit 2 has a focus on Swimming coaching, technical knowledge and practical skills that will allow the coach to fulfil the following role descriptor.

5 Role Descriptor
Once qualified the holder of the Level 1 (Support Coach) Certificate for Coaching Swimming is able to actively support a more senior qualified / licensed coach at any level, in the delivery of a pre-prepared session. This person will be expected to have an understanding of the sport and a basic understanding of appropriate corrections to common faults.

6 Format
The qualification is designed to be delivered using a combination of theory and practice throughout Unit 1 and Unit 2.

Unit 1 has to be passed before the candidate is allowed to progress onto Unit 2.

7 Length of Learning Programme
Unit 1 Unit 2
7 hours practical 4 hours practical
14 hours theory 7 hours theory including a 60 minute written knowledge test
Total 21 hours theory
11 hours practical which should include:
4 hours per candidate of practical teaching and may include some of the following:
- Peer observation
- Peer feedback
- Tutor demonstration
- Candidate in the water

NB: The exact detail of what is covered in the theory/practical session will be decided by the tutor on how best to deliver the learning programme. Flexibility is allowed in order that the content best suits the prior knowledge and experience of the candidates attending, therefore the hours stated above are recommendations and are as a guide only.

8 Level of Qualification
The level and depth of knowledge required for the qualification is described in the log book and the additional candidate resources provided as part of the learning programme.

9 Assessment and Verification
Assessment is by tutor/assessor and will cover the following:
- Practical coaching through the use of a continuous checklist plus one formal 15 minute assessment to meet the criteria of UKCC
- Theoretical knowledge through the use of a multi choice knowledge test
- Planning, preparation and other associated tasks through the completion of the appropriate log book

N.B. Courses leading to an ASA qualification are subject to an internal and external verification process.

10 Progression
Achievement of this qualification may enable the candidate to secure employment (paid or voluntary) as a support coach normally operating in the context of a competitive club. The qualification is the first stage in a four level coaching structure. Unit 1 (How to Teach/Coach in an Aquatic Environment) is transferable across all ASA disciplines and therefore candidates wishing to take a Level 1 (Support Coach) qualification in another discipline are only required to complete Unit 2 within the discipline.

The next stage for a qualified ASA/UKCC Level 1 (Support Coach) for Swimming will be to progress onto the ASA/UKCC Level 2 (Coach) Certificate for Coaching Swimming and/or Unit 2 of another discipline.

11 Recommended Reading & Resources

Unit 1
• Coaching for LTAD: To Improve Participation and Performance in Sport: I. Stafford: Coachwise
• How to Coach Sports Safely: scUK: Coachwise
• Swimming Fundamentals: YMCA: Human Kinetics
• What is Sports Coaching? A. Miles: Coachwise

Unit 2
• Swimming Teaching and Coaching: Level 1: ASA
• The Swimmer Pathway, Long Term Athlete Development: ASA

12 Guided Learning Hours
Candidates will be expected to prepare aspects of sessions; complete additional tasks allocated by the tutor including general worksheets and additional reading in addition to the course content. The exact time required would vary from candidate to candidate but will normally amount to approximately 6-10 hours.

13 Administration
Candidate
• Units 1 & 2 can be taken as either a course or as individual units
• Unit 1 needs to be passed prior to progressing on to Unit 2

Learning Programme
• All practical aspects of the learning programme leading to any aquatic qualification must be delivered in a physical location that meets the minimum criteria laid out by the ASA Awarding Body
• Courses must be registered centrally with the ASA Awarding Body a minimum of 28 days prior to the commencement date (NB: A course can comprise of both units i.e., Units 1 and 2 and/or individual units
• The assessment and training of Unit 2 must be within an appropriate aquatic environment
• All assessment should be undertaken in accordance within the guidance laid out by the Awarding Body
• The maximum number of candidates per tutor is 16 with flexibility on application to the ASA Awarding Body
• Recommended hours for Unit 1 is 7 hours practical and 14 hours theory
• Recommended hours for Unit 2 is 4 hours practical and 7 hours theory

14 Human Resources Needed for Delivery and Assessment
All tutors of Unit 1 & 2 are expected to have completed the ASA Tutoring in Sport qualification. If the tutor is also the assessor then it is expected that they have completed the A1 (D32/33) or IAPS Assessors Qualification, if the tutor does not have this qualification then an appropriate assessor will be needed. Courses leading to an ASA qualification are subject to an internal and external verification process. Each tutor will have to be associated with an Internal Verifier who has the V1 (D34) qualification.
Unit 1 – How to Teach/Coach in an Aquatic Environment

Unit 1 Administration – Learning Programme
• Unit 1 needs to be successfully completed before progressing on to Unit 2
• All practical aspects of the learning programme leading to any aquatic qualification must be delivered in a physical location that meets the minimum criteria laid out by the ASA Awarding Body in the Centre Approval Document
• Courses must be registered centrally with the ASA Awarding Body a minimum of 28 days prior to the commencement date (NB: A course can comprise of both units i.e., Units 1 and 2 and/or individual units
• All assessments should be undertaken in accordance within the guidance laid out by the ASA Awarding Body
• The maximum number of candidates per tutor for unit 1 is 16 with flexibility on application to the ASA Awarding Body
• Recommended hours for Unit 1 is 7 hours practical and 14 hours theory

Human Resources Needed for Delivery and Assessment
All tutors delivering this unit are expected to have completed the ASA Tutoring in Sport qualification. If the tutor is also the assessor then it is expected that they have completed the A1 (D32/33) or IAPS Assessor Qualification, if the tutor does not have this qualification then an appropriate assessor will be needed. Courses leading to an ASA qualification are subject to an internal and external verification process. Each tutor will have to be associated with an Internal Verifier who has the V1 (D34) qualification.

Description of the Unit
This is a core unit and links across all strands of UKCC – Aquatic Teaching, Diving, Swimming Coaching, Synchronised Swimming and Water Polo.

This unit explores the theory and practical of HOW to teach/coach in an aquatic environment by looking at areas of:
• Preparation for Teaching/Coaching Activities
• Delivery of Prepared Activities within a Session
• Roles and Responsibilities
• Health and Safety in the Aquatic Environment
• Effective Communication
• Evaluation of Teaching/Coaching Activities
• Child Protection

Candidates will have the opportunity to look at their own preferred teaching/coaching style within a range of methods as well as understanding aquatic physical literacy and how to use games as a learning mechanism.

Summary of Outcomes
To achieve this unit candidates must:
• Show an understanding of the process of preparation and planning
• Deliver prepared aquatic activities
• Show an understanding of the roles and responsibilities of themselves and others
• Show an understanding of the issues surrounding health and safety in an aquatic environment
• Demonstrate an understanding of effective communication
• Show an understanding of the methods and uses of reviewing, feedback and evaluation when looking at the activity, participants and self

Assessment
Each unit is split into elements. All elements within Unit 1 will be assessed by written/oral questioning and/or observation by the tutor/assessor.

Element 1 – Preparation for Teaching/Coaching Activities
To achieve this element the candidate must be able to:

U1.1.1 Identify the needs of a range of participants
U1.1.2 Identify and collect relevant information about the participants and the selected activities
U1.1.3 Deal with confidential information using appropriate guidelines
U1.1.4 Identify responsibilities for arranging and delivering the activities
U1.1.5 Check that the activities meet different participants’ needs

Syllabus
• Range of participants: male; female; child; adult; veteran; vulnerable; novice; experienced; elite; parents; other coaches; support staff.
• Information about participants: physical; medical; disability; behavioural; emotional; social; educational; intellectual; age; gender; physical condition; number; stage of development; previous experience.
• Information about pre-prepared session content: layout/space; session structure; equipment needed; adaptations; number of participants; delivery time.
• Dealing with information: data protection; record keeping; disclosure of information.

Element 2 – Delivery of the Prepared Activities within a Session
To achieve this element the candidates must be able to:

U1.2.1 Explain to participants and others their roles and contribution to the activities
U1.2.2 Check that participants and others equipment and dress are suitable for the activities
U1.2.3 Check participants’ readiness to participate in the activities
U1.2.4 Use appropriate teaching/coaching styles to meet participants’ needs and to promote learning
U1.2.5 Ensure that all participants are actively involved in appropriate activities to develop performance
U1.2.6 Use realistic timings and sequencing to deliver activities
U1.2.7 Provide technically correct explanations and demonstrations at appropriate times during the activities
U1.2.8 Identify procedures for dealing with minor injuries, illness and accidents in line with the health and safety guidelines
U1.2.9 Deal with problems when they arise and refer those that cannot be resolved to a responsible person
U1.2.10 Identify appropriate tasks to conclude the activities
U1.2.11 Follow correct procedures for taking down and storing equipment
U1.2.12 Check teaching/coaching environment is suitable for future use

Syllabus

- **Movement Literacy**: FUNdamental movements - ABCs, RJT, KGBs, CKs and their application in the aquatic environment; development of key underpinning skills; appropriate equipment selection.
- **Various Activity Card Formats**: Layout/interpretation/how to adapt/function/practical application. Introduction to aims, objectives, progressive practices and teaching/coaching points; use of games.
- **How and When to use Pre-Prepared Session / Activity Cards (under direct supervision)**: Organisation of time, space, pupils and equipment on a one to one and small group basis.
- **Skill Analysis**: Focused observation of aquatic movements; recording outcomes of observations; reporting observations to lead coach.
- **Skill Acquisition**: Stages of learning; individual learning methods (Visual/Auditory/Kinaesthetic); relationship between skill acquisition and rest.
- **Practice Methods**: Whole part whole; guided discovery; observation, set up and stand back; manual support.

**Element 3 – Roles and Responsibilities**
To achieve this element the candidate must be able to:

U1.3.1 Identify the roles and responsibilities of a teacher/coach
U1.3.2 Create and maintain positive relationships with participants and others using agreed guidelines and codes of practice

Syllabus

- **Responsibilities of the Support Teacher/Coach**: Duty of care; supporting others; self-presentation; deliver a pre-prepared session under direct supervision; strand role descriptors; motivation of self and others; enjoyment for participants; reporting procedures; code of ethics.

**Element 4 – Health and Safety in the Aquatic Environment**
To achieve this element the candidate must be able to:

U1.4.1 Check with others that the planned use of the teaching/coaching environment is in line with good practice
U1.4.2 Check equipment used in the activity to ensure that it meets relevant health and safety standards
U1.4.3 Identify potential risks within the teaching/coaching environment
U1.4.4 Identify relevant information for participants and others on health, safety and emergency issues and procedures related to the teaching/coaching environment
U1.4.5 Set up and lay out equipment for the activities safely and effectively
U1.4.6 Report any problems with equipment to a responsible person

Syllabus
• **Awareness of Pool Safety Operating Procedures (PSOPs):** Role of the lifeguard; injury and illness (i.e. colds, ear, nose and eye infection; open sores; cramp; collisions); equipment assembly/disassembly; manual lifting and handling; reporting; safe storage; emergency exits; emergency drills; operating procedures relating to NGB guidelines; ASA guidance statements i.e. teaching from the poolside, diving, jumping into shallow water, definition of supervision, safe supervision for swimming teaching (coaching).
• **Potential Hazards:** Lights; objects; surfaces; dress; equipment; water quality; public; participants; common illnesses and infections, use of electrical equipment.
• **Behaviour:** Ground rules; discipline; code of conduct for participants; pool discipline.

**Element 5 – Effective Communication**
To achieve this element the candidate must be able to:

U1.5.1 Use appropriate communication methods to check participants understanding of the planned activities
U1.5.2 Identify and communicate ground rules for acceptable behaviour during the activities
U1.5.3 Encourage and reward positive behaviour
U1.5.4 Identify the methods that could be used to challenge inappropriate behaviour
U1.5.5 Identify and encourage opportunities for feedback appropriate for the activities and needs of the participants

Syllabus
• **Types of Communication:** Verbal; non-verbal
• **Methods of Communication:** Questions and answers; command; discussion; listening; body language; positioning, mime, gesture; activity cards; models, posters, instruction; demonstration; information gathering through senses
• **Feedback to Others:** Timing purpose; method; positive, negative; informative; constructive; differences between praise and feedback
• **Organising Participants Within Activities:** Timing; stopping; dispersing participants
• **Organising Participants to Manage Behaviour:** Ground rules; sanctions; time outs; disagreements; positive reinforcements

**Element 6 – Evaluation of Teaching/Coaching Activity**
To achieve this element the candidate must be able to:

U1.6.1 Identify methods to evaluate activities
U1.6.2 Identify the importance of evaluation for both the teacher/coach and the participants
U1.6.3 Identify participant’s strengths and weaknesses
U1.6.4 Encourage participants and others to contribute to the review of activities
U1.6.5 Review the effectiveness of activities in relation to aims and objectives of the session
U1.6.6 Identify and propose modifications for future activities
U1.6.7 Identify participants’ achievements and progress
U1.6.8 Identify future teaching/coaching opportunities to improve participants’ performance
U1.6.9 Use feedback from a variety of sources in order to review current teaching/coaching practice
U1.6.10 Record feedback identifying areas of strength and weakness in teaching/coaching practices
U1.6.11 Prepare a personal action plan to develop current teaching/coaching practice
U1.6.12 Review and update a personal action plan identifying the achievement of development activities

Syllabus
• Uses of Reviewing and Evaluating: Activity (session plans); others and self
• Methods of Reviewing and Evaluating: Verbal, written (personal action plans, recording progress of participants), self-reflection
• Types of Feedback: Group discussion; third party; previous evaluations, praise
• Importance of Feedback and Evaluation: Participant development; development of skills and knowledge; shape future development; action planning

Element 7 – Child Protection
To achieve this element the candidate must be able to:

U1.7.1 Identify the relevant organisational guidelines relating to the protection of children and vulnerable adults from abuse

Syllabus
• Child Protection: Common signs and indications of abuse – (physical, emotional, sexual, neglect, bullying); ASA child protection procedures; Criminal Records Bureau (CRB) and importance of CRB certificates; teacher/coach protection; Swim-Line; code of ethics; lines of best practice.
Unit 2 – Administration – Learning Programme

- All practical aspects of the learning programme leading to any aquatic qualification must be delivered in a physical location that meets the minimum criteria laid out by the ASA Awarding Body in the Centre Approval Document
- Courses must be registered centrally with the ASA Awarding Body a minimum of 28 days prior to the commencement date (NB: A course can comprise of both units i.e., Units 1 and 2 and/or individual units
- The assessment and training of Unit 2 must be within an appropriate aquatic environment.
- Candidates should experience working with a range of participate numbers with groups of singles to multiples during the course
- All assessment should be undertaken in accordance within the guidance laid out by the ASA Awarding Body
- The maximum number of candidates per tutor for Unit 2 is 16 with flexibility on application to the ASA Awarding Body
- Recommended hours for Unit 2 is 4 hours practical and 7 hours theory

Human Resources Needed for Delivery and Assessment
All tutors delivering this unit are expected to have completed the ASA Tutoring in Sport qualification. If the tutor is also the assessor then it is expected that they have completed the A1 (D32/33) or IAPS Assessor Qualification, if the tutor does not have this qualification then an appropriate assessor will be needed. Each tutor will have to be associated with an Internal Verifier who has the V1 (D34) qualification.

Description of the Unit
This is a mandatory unit.

Unit 2 explores the practical skills and knowledge of being a support coach in a swimming environment by looking at areas of the Sport of Speed Swimming, Practical Skills, Techniques, Training Preparation and the Human Body.

Candidates will have the opportunity to gain practical poolside skills whilst utilising a prepared checklist of common faults and corrections. They will investigate the specialist nature of the sport of Swimming whilst gaining an understanding of appropriate corrections to common faults.

Summary of Outcomes
To achieve this unit, candidates must:
- Show an understanding of the sport of Swimming and the specialist environment in which it takes place
- Demonstrate relevant practical poolside skills and practices
- Utilise a checklist to identify common faults in all strokes, starts, turns and finishes
- Utilise a checklist to identify appropriate corrections to common faults in all strokes, starts, turns and finishes
Element 1 - The Sport of Speed Swimming
To pass this element the evidence must show that the candidate is able to:

U2.1.1 Identify the factors that influence movement in water
U2.1.2 Identify the recognised World and Olympic events in the sport of Speed Swimming
U2.1.3 Identify key organisations that support the sport of swimming

Syllabus
• Factors: e.g. Density, drag, flotation, buoyancy, propulsion, depth of water, temperature, wave motion
• Events in the Sport of Speed Swimming: Events: e.g.- Backstoke 50m, 100m, 200m; Breaststroke 50m, 100m, 200m; Butterfly 50m, 100m, 200m; Freestyle 50m, 100m, 200m, 400m, 800m, 1500m; Individual Medley 100m, 200m, 400m; Relays 4x100m Medley; 4x100m; Freestyle, 4x200m Freestyle
• Organisations: British Swimming, Home Country NGB’s, FINA, LEN, B.O.A., I.O.C.

Assessment
This element will be assessed through a written knowledge test in the form of a multi-choice paper.

Element 2 - Practical Coaching Skills
To achieve this element the candidate must be able to:

U2.2.1 Demonstrate the use of appropriate practical poolside skills
U2.2.2 Demonstrate appropriate coaching practices (so coaches do not place themselves in risk situations)
U2.2.3 Demonstrate effective coaching practice in the context of a support coach

Syllabus
• Practical Skill Disciplines: Stop watch use; clock use; lane discipline; use of equipment; communication to allow set and technique direction, areas of risk during coaching.

Assessment
This element will be assessed by written/oral questioning and/or observation by the tutor/assessor.

Element 3 – Techniques
To achieve this element the candidate must be able to:

U2.3.1 Utilising a checklist identify common faults in all stokes, starts, turns and finishes
U2.3.2 Utilising a checklist identify appropriate corrections to common faults in all strokes, starts, turns and finishes
Syllabus
• **Techniques**: Front crawl, Back crawl, Butterfly, Breaststroke, starts, turns, finishes

Assessment
This element will be assessed by written/oral questioning and/or observation by the tutor/assessor.

**Element 4 - Training Preparation and the Human Body**
U2.4.1 Prepare for three different prepared sessions and deliver part of that session
U2.4.2 Explain briefly how the construction of the three prepared sessions utilise the principles of DIRT

Syllabus
• Distance, Intensity, Repetition, Time (D.I.R.T), low intensity aerobic, medium intensity endurance, high intensity anaerobic, speed, recovery, skill

Assessment
This element will be assessed by written/oral questioning and/or observation by the tutor/assessor
