

Announcement

February 2010

Permitted Swimwear

British Swimming has recently issued an announcement clarifying its position in relation to the current FINA rules concerning permitted swimwear for the disciplines of swimming, open water swimming and masters swimming in British Swimming competitions:

<http://www.swimming.org/britishswimming/swimming/general-resources/>

Since the ASA has also adopted the same position as British Swimming, the clarification outlined in the British Swimming Announcement is also true for the ASA.

Provided these rules are complied with, English Records may be achieved.
