<u>JOIN MEETING HERE</u>	

One representative from every club due to participate at the event (this can be a coach or team manager) is encouraged to attend an online pre-event briefing to hear all the key event information.

There is no requirement to sign up in advance. Although this is not a mandatory briefing, we strongly encourage participation.

Privacy Policy And Photography Consent

All individuals attending Swim England events are asked to complete the photo consent form below, prior to attending the event:

PHOTOGRAPHY CONSENT FORM

To view further details about how Swim England manages your data, download [Swim England's Privacy Policy](#).

Travel Insurance

Affiliated Swim England clubs and members thereof have the benefit of third party and personal accident insurance effected by Swim England. However, this does not include travel insurance for trips in the UK or abroad, in particular, there is no cover for travel or accommodation costs for the cancellation of an event.

Some clubs and members may already have the benefit of their own group or personal travel insurance. For those that do not have travel insurance for this event and wish to get a Sport Travel Insurance quote please contact Howden directly on 0121 698 8052. Alternatively, you can seek cover from another insurance provider.

Unfortunately, non-Swim England members do not have the benefit of third party and personal accident insurance effected by Swim England and would therefore need to seek insurance coverage separately.

Changes after this time may only be made in the case of sudden illness or accident of the competitor, at the discretion of the Referee and if the reserve is ready to compete without delaying the event.

Information on medications	UKAD website, click here
Medications check	Global DRO, Medications Check
How to apply for TUE	UKAD website, click here
National TUE Pool check	UKAD website, click here

By entering this event the athlete consents to report to Doping Control, if requested, at any time during this event and agrees to abide by the British Swimming Anti-Doping Rules (2021), which Swim England is signed up to.

If an athlete is tested through doping control at an event, they should ensure they provide detail of all medications (prescribed or over the counter and including dosage) and supplements taken within the last 7 days in advance of the test on the Doping Control Form. Any previously disclosed medications or supplements to the athlete's club and/or talent programme are still required to be included on the doping control form.

Medications

- Medication should be checked via Global DRO (see above).
- If the medication being taken is prohibited in or out of competition, a Therapeutic Use Exemption (TUE) may be required.

Therapeutic Use Exemption (TUE)

- If an athlete IS WITHIN the National TUE Pool they are required to obtain a TUE before using a prohibited medication or method. Athletes can check if they are within the National TUE Pool via UKAD website (see above) and by selecting 'aquatics'.
- If an athlete is NOT within the National TUE Pool but using a prohibited medication or method and is subject to doping control they are required to apply for a retroactive TUE as soon as possible after doping control. A retroactive TUE must be submitted to UKAD (UK Anti-Doping) within five (5) working days of the testing taking place.

All athletes are subject to 'Strict Liability' which means an athlete is wholly responsible for any banned substance found in their system, no matter how it got there.
